

A Complete Line of Sustainable Solutions

Z107XL Premium Wax

- Prints up to 18 ips - Fastest wax ribbon available
- **Optimized for Productivity** – Print & Apply and Bagger Applications
- **1:1 Label to Ribbon Length**- Less Downtime and Change Overs

Z203 Super Premium Wax Resin

- **RFID Ready** - compatible with RFID Printing
- **Resin Like Durability** – Superior heat, abrasion, and chemical resistance
- **Wide Substrate Compatibility**- consistent performance across paper, film, and specialty materials

Z300 High Speed Resin

- Prints up to 12 ips - Fastest resin ribbon available
- **Versatility** – Wide material compatibility, including paper and synthetics
- **Thermally Efficient**- Low transfer energy, extends printhead life

Z214 TTD Near Edge Wax Resin

- **Plug-and-Play** - "Drop-in" alternative to OEM equivalents
- **Color Options for Any Application** - available in a wide range of colors
- **Freedom from OEM Exclusivity**- stocked in OEM-matched sizes

Z314 TTD Near Edge Resin

- **Plug-and-Play** - "Drop-in" alternative to OEM equivalents
- **Heat Stable Imaging** - Maintains print quality in demanding environments
- **Superior Abrasion and Chemical Resistance** - for lasting durability

Environmental Benefits

-  Helps to meet sustainability goals
-  15-20% less plastics going into landfills
-  Recycled cores
-  Recycled cartons
-  Reduced carbon footprint

Performance Benefits

-  Longer Print Head Life
-  Over 20% more yield per ribbon
-  Less Down Time
-  Reduce Shipping Cost
-  Lower Cost of Ownership

World's Only Vertically Integrated TTR Manufacturer
